## BENEFITS

### Quality

Our commitment and obsession with quality has gained Yaskawa high marks in North American markets and in all industries throughout the world.

### Reliability

Yaskawa's sales partners know our products and are quietly working behind the scenes to keep systems running efficiently.

### Support

Yaskawa support is global, 24/7/365. We understand the critical roles VFDs serve. Our highly experienced sales force, backed by our application and design engineers, ensure best solutions and support for years of carefree operation with the lowest cost of product ownership.

### Delivery

Our centrally-located USA manufacturing and distribution facilities are committed to meeting your delivery requirements. Contact your YASKAWA representative today to begin meeting your critical schedule and revenue goals.
